Thank you for scheduling an Initial Orthodontic Evaluation with our office. There is no cost for the initial appointment. At this appointment you can expect:

- A Review of Health History
- A Review of Dental History
- A Comprehensive Oral Examination
- A Consultation to Discuss Whether Orthodontic Treatment is indicated, and if so what that treatment would include.
- A Financial Consultation to Discuss the Expected Fees associated with Orthodontic Treatment.

Please bring the following items with you to the appointment:

- Medical and Dental History Forms (included with this letter)
- HIPAA Signature Form (included with this letter)
- Insurance Card/Information, if applicable.

If Orthodontic Treatment is indicated, the next appointment following the Initial Examination is the Diagnostic Records appointment. At the Records appointment the following things are completed:

- Photographs
- Radiographs
- Impressions to make Models of the Teeth
- Bite Registration

The Diagnostic Records are used by Dr. Holliday to determine the best orthodontic treatment options for you. The charge for the Records appointment is \$225.00. If time permits, we may be able to complete this appointment the same day as the Initial Examination to save you from an additional visit.

A map is included with this letter, if you should have any questions please do not hesitate to call.

Sincerely,

Sally G. Holliday
